

## Announcement

May 5th, 2008

Robertson Bright Inc. acquires Breaker Electric Inc.

Mississauga, Ontario based Robertson Bright Inc. is pleased to announce the acquisition of Breaker Electric Inc. Breaker Electric, established in 1994, adds many well-established customers in and around the greater Calgary, Alberta region as well as quality service personnel, providing Robertson Bright Inc. with an increased scope servicing the electrical, construction and network communication markets throughout Ontario and Alberta. Following the acquisition of Arco Electric Limited in March of 2007 Robertson Bright Inc. is now able to provide a complete electrical and structured cabling solution for clients in the Calgary marketplace.

Under the arrangement, Breaker Electric Inc. will operate as a subsidiary of Robertson Bright Inc. This mutually beneficial partnership will increase the level of service the Robertson Bright group of companies will provide to their existing clients as well as providing synergies allowing expansion into markets such as Infrared Thermography, Industrial Electric and Electronic day-to-day service, Design Build Industrial-Commercial Projects and Network Communications.

Robertson Bright Inc., with offices in Mississauga and Peterborough, Ontario and in Calgary will continue to operate Breaker Electric Inc. from it's existing offices in Calgary. Brian Stoddart will remain with the firm as General Manager.
