

RBI CELEBRATES WITH 25 YEAR EMPLOYEE MARC DODSWORTH

MISSISSAUGA, Ontario, Canada June 2013

RBI was pleased to celebrate and congratulate the 25-year employment of Marc Dodsworth at a recent branch event BBQ.

It was 1988 when Marc started his career as an apprentice with McDowell Electric (which was acquired by RBI in 2008) and he has been a valuable member of the team ever since.

Upon being congratulated by Dave Graham, RBI's VP Business Development and former president of McDowell Electric, Dave stated "I can remember Marc's first day with us and we all quickly learned that we could always count on Marc for his willing and positive attitude to take on any challenge. His appetite for knowledge of our expanding trade and teamwork has always been appreciated by management and clients alike." Dave went on to say; "It is so great that at RBI branch wide we have an impressive list of long term staff members that speaks well to their individual dedication and to the culture of RBI itself."

As support of this statement, listed below are 15+ year RBI personnel, some of which have over 30 years of service. Commendable indeed!

Arthur Mons
