

WILLET CONTRACTING
A Division of Robertson Bright Inc.

Summer 2014

Willet Contracting – Civil Contractors

Born from a longstanding relationship with a well-respected civil contractor by the name of R. Willett Contracting Limited, the “new” Willett Contracting, is now operating as a division of Robertson Bright Inc., and are here to serve.

Having Willett Contracting as RBI’s in-house civil contractor jointly enables us to perform complete turnkey projects where a collaborative team of electrical and civil management and field personnel is required.

Or perhaps you are an electrical, communications, or mechanical contractor that requires hiring a quality civil contracting firm. Willett Contracting totally understands your requirements, and will build on your behalf in order for you to meet your project needs on time and on budget.

Our primary focus and specialties are:

- *Duct Banks*
- *Trenching*
- *Transformer / Generator / Equipment Pads*
- *Pole Bases*
- *Custom Projects*

Contact us for your next project’s civil requirements:
