

RBI is a quality electrical and communication services firm, helping clients with our expertise in industrial maintenance, commercial construction, network cabling, VOIP telephony and design build.

Chief Electrical Estimator

Catch the RBI vision and join our growing team as the Chief Estimator, who will lead our geographically diverse team of electrical estimating professionals. As the Chief Estimator you will:

- *Manage an international estimating team producing high quality and accurate bids;*
- *Oversee bid proposals for spec & design-build electrical projects*
- *Review estimates by reviewing and calculating take-offs;*
- *Attend sites, review options & recommend best solutions.*

As the successful candidate you will have:

- *Extensive ACCUBID, and MS-Office Suite programs*
- *10+ years of electrical construction estimating experience;*
- *Expertise with US & Canadian electrical codes and standards.*

Catch the vision and join our team. Apply in writing to:
